

Bedtime With Barney

Barney

Now it's time snuggle up, little one
Hold me tight snuggle up, day is done

It's bedtime with Barney
All over the world
Bedtime with Barney
For all boys and girls

Now it's time snuggle up, little one
Let me sing just for you, you're the one

It's bedtime with Barney
The near and the far
Bedtime with Barney

Let's wish on a star

We laughed, we played
All day was fun
We jumped, we ran
Now day is done

Now it's time to get our rest, little one
Snuggle in your little nest, night has come

It's bedtime with Barney
So let's close our eyes
Together with Barney
We'll sing lullaby
