

Good Morning!

Barney

Good morning, good morning, good morning
Good morning to me and you
Good morning, good morning, good morning
There's so much we can see and do
Good morning to birdies and sun
Good morning to grass and big green trees
Good morning to clouds and sky
Listen to the wind and the buzzing bees
Good morning purple, pink and blue
Good morning to numbers. We love to count
Good morning to friends like and me and you
That's what good morning is all about

Good morning, good morning, good morning
Good morning to the whole wide world
Good morning, good morning, good morning
It's a new learning day for boys and girls

Good morning to your coat and to your hat
(Good morning!)
Good morning to the cars and trucks as they drive by

Good morning to your doggie and your cat
Say good morning to your neighbors.
Now don't be shy

Good morning to the school, girls and boys
Good morning to the new words that we learn to say
Good morning to sharing games and toys
Good morning to everything we're learning today
Good morning, good morning, good morning
Good morning to the whole wide world
Good morning, good morning, good morning
It's a new learning day for boys and girls

Good morning everybody!

Good morning, good morning, good morning
Good morning to the whole wide world
Good morning, good morning, good morning
It's a new learning day for boys and girls
