

# I Just Can't Wait

Barney

It's just not fair  
I'm standing here,  
but I wanna be there  
I just can't wait for what tomorrow brings  
I just can't wait for anything  
He just can't wait for some summer fun,  
like going to the beach or playing in the sun!  
I want to jump and splash when it rains in the spring  
He just can't wait for anything  
He just can't wait for the colors of fall  
to jump in some leaves or play football  
He just can't wait for a winter's chill  
I want to ride my sled from the top of the hill  
He just can't wait  
It's just not fair  
He's standing here,  
but he wants to be there  
I just can't wait for what tomorrow brings  
I just can't wait for anything  
He just can't wait for what tomorrow brings  
I just can't wait for anything  
He just can't wait for anything!
