

## If I Had One Wish

Barney

If I had one wish, I would love to fish.  
But I have to stay right here.  
I would like to go out and catch some trout  
In a pond or lake that's near.

With a pole and the bait  
And a very special hat,  
I'd love to fishing like I've been wishing.  
That's all there is to that.  
If he had one wish, he would love to fish.

But he has to stay right here.  
He would like to go out and catch some trout  
In a pond or lake that's near.

With a pole and the bait  
And a very special hat,  
I'd love to fishing like I've been wishing.  
That's all there is to that.

With a pole and a bait  
And a very special hat,  
He'd love to go fishing like he's been wishing.  
That's all there is to that.
