Villain (Take The Shot)

Barns Courtney

I'm out here in the cold night
Running till I barely feel my feet
Wanna see it through my own eyes
There's no going back

And I'm not afraid anymore
Cause I know I'm gonna be the one last standing
Yeah I'm not afraid anymore
Yeah I don't wanna wait anymore

I'm ready to fall
I'm ready to rise up
I will do what it takes
I'll run blind straight into the flames
Watch me burn
Alone in the shadows
I'll carry you home on my back
If it's you or me
Then I'll take the shot

Still they say I'm the villain
I scream and nobody listens
Still they say I'm the villain
Too bad you can't take me down

See that I'm surrounded by predators
It's critical they got me in my element
It's dirty how you tryna keep it elegant

Keep my eyes open wide
When everyone around me is an enemy
See my life cross my eyes

I'm ready to fall
I'm ready to rise up
I will do what it takes
If it's you or me
Then I'll take the shot

Still they say I'm the villain
I scream and nobody listens
Still they say I'm the villain
Too bad you can't take me down

Too bad you can't take me down
You can't take me down

I'm ready to fall
I'm ready to rise up
I will do what it takes
I'll run blind straight into the flames
Watch me burn
Alone in the shadows
I'll carry you home on my back
If it's you or me
Then I'll take the shot

Still they say I'm the villain
I scream and nobody listens
Still they say I'm the villain
Too bad you can't take me down
