

Canyons

Barrie

In the back of the matinee, sitting on velvet
Tilt your head back when the trailers play, red light exit

Oh, you're breathing in
When you're ready
Oh, you're breathing dust
Slow and steady

Goodbye baby
It's alright
Los Angeles
Overnight

Walking backwards down the canyon drive, feeling my red eyes
Past the plant life on the shoulder side, growing in street light

Oh, I'm breathing in
When I'm ready
Oh, I'm breathing dust
Slow and steady

Goodbye baby
It's alright
Los Angeles
Overnight

Oh, got lost in my mind
Oh, I'm wasting my time
I don't think I would like it

Goodbye baby
It's alright
Los Angeles (leaving Los Angeles)
Overnight
It's gonna be okay
You're gonna be alright
Time after time
If you wanna stay
Or if you wanna change
I won't change your mind
Goodbye baby
It's alright
Los Angeles
Overnight
