

Drag

Barrie

I never was so good before
I never was so good before

I'm gonna be a drag
I think I'm gonna find you later
I'm gonna be a drag
I'm gonna cross the water

She's got you so going
You don't realize it
She's got you so going
Don't know if you'll find it

I'm gonna be a drag (Gonna be a drag)
I think I'm gonna find you later (Find you later)
I'm gonna be a drag (Gonna be a drag)
I'm gonna cross the water

I'm on your Wi-Fi two blocks away
You never came up with a better name

I'm gonna be a drag (Gonna be a drag)
I think I'm gonna find you later (Find you later)
I'm gonna be a drag (Gonna be a drag)
I'm gonna cross the water
