Barrie

Born with emotion  
Pushed into motion  
Wichita Lineman  
Our most favorite tragedy

Don't go leave  
Work your speed  
What an honor, what a breed  
Keep looking up  
Just up enough  
Past temporary prairie

Wait for the break when we get some rain  
Swim in the creeks that the New Deal laid  
Can't break even but can't complain  
Pushed right back to try it again

(Oh yeah...)

Born with devotion  
Pushed into motion, God don't stop  
Making it harder  
All the time

Just wanna move to Virginia  
Get a dog and a house with a human name  
Call me Linda Tomorrow  
Give me something to dance to in 6/8

Wait for the break when we get some rain  
Under the lights of the TVA  
Can't break even but can't complain  
Pushed right back to try it again

(Oh yeah...)

Wait for the break when we get some rain  
Swim in the creeks that the New Deal laid  
Can't break even but can't complain  
Pushed right back to try it again

(Oh yeah...)

They get you to give it up  
They want you to give  
They get you to give it up  
They want you to
