

Human Nature

Barrie

Human nature doesn't always come easy
You can watch it over and try to find a way to teach me

She doesn't need me, God it's so appealing
But it hurts now, just a little bit
Brushed your hair back, with the pin snap, loosely falling through
When'd you learn that, how to braid flat, you sort of always knew

Human nature doesn't always come easy (Easy)
You can watch it over and I'll find a way to teach me (Teach me)
)

Drain the bath down my back, palms on the white top
Drop my head on my leg, soft on a weak spot

Human nature of a woman like you
You could look at my kind like a thing you never knew
What are you gonna do
How do you do what you do?
