

Jersey

Barrie

I'm doing sprints on the lawn outside your place
Spitting out words like some slow paste
Running back, running up to flip a tire
Shouting "all magicians are liars"

Don't wanna give it up yet
I'm crying outside
I'm gonna crack the back step
Got some things on my mind

You didn't dream so long
I'm just the girl that you got
I'm gonna shout from the stands I know what's up
Tucked your jersey, now your not turning
Holding a sign that says your name in hearts
I cut my hand and started running

Don't wanna give it up yet
I'm crying outside
I'm gonna crack the back step
Got some things on my mind

Don't wanna give it up yet
I'm crying outside
I'm gonna crack the back step
Got some things on my mind
