

## Races

Barrie

I ran away without calling, without saying a word  
Running free again  
Until we meet again  
I'm a ghost, I'm a toddler  
Let me pretend not to hear  
I'm a Napoleon  
Starting a war again

You stand in your own way (Your own way)  
And you played it well (And you played it well)  
If you've been lying (Lying)  
Now's the time (Now's the time to tell)

Parents, please love your children  
Before they ruin the world  
What are you after?  
Does it matter?  
You wanted a turn  
You ran a race without moving  
And you won  
Stop buying plastic  
Go to practice  
Start giving a shit

You stand in your own way (Your own way)  
And you played it well (And you played it well)  
If you've been lying (Lying)  
Now's the time (Now's the time to tell)
