You say you love me
And I ain't got no money
All I had to give you, girl, is love (love) oh love
And your friends dem chatting you behind your back
That you're loving a no-good Dreadlocks
A pity you don't know dem grudge you fi that
So, no, no, no-oh-oh
No, my little woman, don't run away
Don't run, don't run away, no!

Don't run, don't run away, no
No, my little woman, don't run away, seen?
Digi-doo-da-doo-da-doo-da-doo
Digi-doo-da-doo-da-doo-da-doo
No, my little woman, don't run away
Don't run, don't run away, no
No, my little woman, don't run away, can't you see?

You've gotta creep before you walk
You've got to be a baby before you come a man
So, no, my little woman, don't run away
Despair your wants, despair your wants
No, my little woman, don't run away
Don't you know - tomorrow, is another day, seen?
You've gotta creep before you walk
You've got to be a baby before you come a man

So, no, my little sister, don't run away
Don't run, don't run away, no, seen?
Don't run away

Don't run, don't run away, no
No, my little woman, don't run away
Tomorrow is another day
Whoa oh, seen?
