

# I Hold the Handle

Barrington Levy

Eh, eh  
Ooh yeah  
Eh, eh

I have got the handle, man  
And you've got the blade, oh yeah...  
I've got the handle, man  
And you've got the blade  
Don't try to fight back, man  
You will lose the fight  
'Cause I've got the handle, man  
And you've got the blade  
If you slip you will slide  
And if you run you can't hide  
If you slip you will lose the fight  
And if you run you can't hide  
'Cause I've got the handle my enemies  
And you hold the blade  
I've got the handle my enemies  
And you've got the blade  
So don't try to fight back my enemies  
You will lose the fight

Ooh yeah, ooh yeah  
Ooh yeah, ooh yeah  
Ooh yeah, ooh yeah  
Ooh yeah, ooh yeah

I have got the handle, man  
And you've got the blade, oh yeah  
If you slip you will slide  
And if you run you can't hide  
If you slip you will lose the fight  
And if you run you can't hide  
'Cause I've got the handle, man  
And you hold the blade  
I've got the handle my enemies  
And you've got the blade  
If you slip you will slide  
And if you run you can't hide  
If you slip you will slide  
And if you run you can't hide
