## She's Mine

## **Barrington Levy**

Oh, loo, love, love

Everyday I love her just a little bit more Little bit more, little bit more Everyday I love her just a little bit more And she loves me the same Yes, she loves me the same

'Cause my love, it's her love and her love is my love Yes, she gives me loving at the right time Day time, night time Yes, she give me loving at the right time

Everyday I love her just a little bit more Little bit more, just a little bit more Everyday I love her just a little bit more And she loves me the same

Every guy finds her on the street they say she's sweet Oh, my baby, can I throw some flowers at your feet?

She's young, fresh and green
And I like how she round at the seam
She's young, fresh and green
And I like how she round at the seam

Everyday I love her just a little bit more Little bit more, just a little bit more Everyday I love her just a little bit more And she loves me the same Yes, she wants me, whoa, oh, whoa She wants me, she wants me

Everyday I love her just a little bit more Little bit more, just a little bit more Everyday I love her just a little bit more And she loves me the same

'Cause she's young, fresh and green And I like how she round at the seam Young, fresh and green And I like how she round at the seam

Hands off, she's mine, mine o mine Hands off, she's mine Hands off, she's mine, mine o mine Hands off, she's mine

Everyday I love her just a little bit more Little bit more, just a little bit more Everyday I love her just a little bit more And she loves me the same

'Cause my love is her love and her love is my love Yes, she gives me loving at the right time Summer time and winter time Yes, she give me loving at the right time Everyday I love her just a little bit more Little bit more, just a little bit more Everyday I love her just a little bit more And she loves me the same

Oh, loo, love, love Oh, loo, love, love

Everyday she tell me that she wants me some more Want me some more, she want me some more Everyday she tell me that she want me some more And I want her the same

Oh, loo, love, love She give me love that grows and grows

Every time she walks the street
I stumble, umble, umble at her feet
I say, "Whoa baby, you look so sweet
You look like something can eat"

She's young, fresh and green And I like how she green at the seam Young, fresh and green And I like how she green at the seam

Oh, loo, love, love
