

Trod With Jah Jah

Barrington Levy

Come on, everyone
Come, let's have a ride with Jah Jah, come on

It's best to ride on the train with Jah Jah
'Cause darling, we'll be the safest people going out
With Jah Jah trodding the hills and valley
Why don't you come and have a ride with him?

Whether you are sleeping, or really you are awake
Remember Jah Jah each and every day
'Cause he's the only one that own the life
So don't stay wide, stay by Jah Jah side

Think wisely, think meditatively
'Cause darling, we will be the safest people going out
Travelling the hill and valley with Jah Jah
Why don't you come and have a ride?
Don't stay wide, stay by Jah Jah side

'Cause Jah Jah is the only one that own the life
Tune in everyone, the train is leaving now
Think meditatively, think about Jah
Open your Bible, you got to know yourself

Come on, let's have a ride
With Jah Jah, with Jah Jah each and every day
Stay by Jah side, and keep yourself from the devil
'Cause that is the only thing
You got to do when the right time come
