Wedding Ring

Barrington Levy

So many time I have told you, girl
No, you must not fight
No, you must not fight (Well)

I've told you once and I've told you twice
You must not fight, no, you must not fight

Never let you down, girl
You will wear my wedding ring
All the while you, girl, just love me with all of your heart

All the while, girl, I am talking to you
Telling the right, but that won't stop from fight
All the while I show you truth and right
You didn't want to be with me, girl
Go away and straying, straying just like that

All the while you, girl, you have me in problem
You make I stand under while I stand

Show you once and I told you twice
You must not fight, no, you must not fight
Everyday is just a same thing
Everyday you gotta stop, you gotta stop from doing it

Never let me down, girl
You gonna wear my wedding ring
Everything you do, girl, just love me with all of your heart

Everything I earn, girl, you make it just gone
I just want you to love and understand me
And I will work for you, I will be comfortable
I'm never gonna make you be a stray away girl
I will make you feel happy each and every day
And no one could-a have nothing to say about you

I told you once and I told you twice
You must not fight, no, you must not fight
Hold me in your arms, girl, and give me your love
Then the time is, girl, is just right
