Achieved In The Valley Of The Dolls

Barry Adamson

Do you believe in the valley of dolls Were you achieved in the valley of dolls Born from porn we'll weather the storm Take the little black bull by the sacred horn Achieved in the valley of dolls

Were you conceived in the valley of dolls Haven't seen you since Were you there at all Were your locks shorn in the temple above Did you lose yourself with a siren of love Deceived in the valley of dolls

Achieved in the valley of dolls Believed in the valley of dolls Conceived in the valley of dolls Deceived in the valley of dolls
