

Don't Hurt Me Now

Barry McGuire

Rain, rain, go away
Hope the sun has come to stay
Don't hurt me now, I'm better now
Pain, pain, go away
You were meant for yesterday
Don't hurt me now, I'm fine now

Seems my life was broken
In the middle of my dream
Seems that life was never
What it's meant to be
Then today my dream became reality
Don't hurt me now, I'm better now

Rain, rain, go away
Hope the sun has come to stay
Don't hurt me now, I'm better now
Pain, pain, go away
You were meant for yesterday
Don't hurt me now, I'm better now
Don't hurt me now, I'm fine now
Someone loves me now
