

## Ol' Branch

Barry McGuire

Just an ol' branch  
That fell from the tree  
Just a broken ol' branch  
Tryin' to be free

A farmer took ol' branch  
And he made him a plough  
He ploughed up the ground  
And he planted some corn  
But corn's not the fruit  
From which branch was born

Just an ol' branch  
That fell from the tree  
Just a goofy ol' branch  
That tried to be free

A man took ol' branch  
And he built him a house  
He made him a chair  
And he made him a bed  
But a bed ain't the lady  
To which branch was wed

Just an ol' branch  
That fell from the tree  
Just a broken ol' stick  
That tried to be free

A man took ol' branch  
Gonna build him a fire  
He said, this ol' branch  
Looks dead to me  
But God loved ol' branch  
So He reached down  
Put him back on the tree

Just an ol' branch  
Tryin' to be free
