

White Swan

Barry McGuire

White swan sailin' the water
Sparrow, she's sailin' the tree
White fawn sailin' the forest
Leviathan sailin' the sea

Life is singin' her melodies
World is ringin' with harmony
See the robin, she's pullin' spring
With invisible string

White swan sailin' the water
Sparrow, she's sailin' the tree
White fawn sailin' the forest
Leviathan sailin' the sea

Wind is skippin' the leaves around
See them dancin' across the ground
Summer sailin' is dry and warm
Winter's fightin' the storm

White swan sailin' the water
Sparrow, she's sailin' the tree
White fawn sailin' the forest
Leviathan sailin' the sea

Some are flyin' a laughin' breeze
Some are grounded in miseries
God has given His life for you
What you gonna do

White swan sailin' the water
Sparrow, she's sailin' the tree
White fawn sailin' the forest
Leviathan sailin' the sea

White swan sailin' the water
Sparrow, she's sailin' the tree
White fawn sailin' the forest
Leviathan sailin' the sea...
