Good Dancin' Music

Barry White

I've been to London and Liverpool, Paris too [?]
I've been to Frankfurt and Hamburg – places to adore
Missouri, [?], and Greece
In Brussels and Denmark, they're groovin' to the beat
In San Remo, Milan, and everywhere
People rockin' and movin', everyone was there
People and music, no matter where you go
There's people loving it so [?]

Amsterdam, Rotterdam, Melbourne too
Sydney, Osaka, and Tokio's a hoot
We were leaving and thinking in the times a long [?]
People stompin' and screamin', oh we had a ball
I heard them shout, calling for encores bad [?]
We danced every kind way, oh the times we had
In San Remo, Puerto Rico, they love to show
How much they love it so (so)

There's nothing like good dancin' music
Ain't nothing like it around today
No-oh-oh
Can't nothing else make you feel better
That power is here to stay

I've been to Rio, Sao Paulo, and to Brazil
People rockin' til the daylight, oh t'was such a thrill [?]
Buenos Aires and Virginia, Mexico
[?] in Africa, all the amigos
Broke the top of hot tub in Montreal [?]
We rockin' and groovin', surely we're the one

New York, Chicago, Atlanta, San Francisco
People love it so

There's nothing like good dancin' music, oh no
Ain't nothing like it around today
No-oh-oh
Can't nothing else make you feel better
That power is here to stay

There's nothing like good dancin' music, oh no
Ain't nothing like it around today
No-oh-oh
Can't nothing else make you feel better
That power is here to stay

Look over there, over there
Move, groove
What chu say?

There's nothing like good dancin' music (music)
Ain't nothing like it around today
 (No, no, no, no, no, no, no, no)
Can't nothing else make you feel better
That power is here to stay

No-oh-oh

Can't nothing else make you feel better
That power is here to stay

[Shouting and party sounds in background]
Over there, over there
(Woof! woof! woof! woof!)
Shake it out your world! [?]

What you doin', boy? (amen)
What you doin', boy? (amen)
Play it, playboy
Ohh yeah yeah, right there, keep dancin'
I like it, I like it
Get dancin', get dancin'...
