

# It's All About Love

Barry White

It's coming to you  
It's gonna renew you  
Welcome it in  
Let it be your friend  
Let it move you  
Let it soothe you

Can't you hear it calling?  
(Love)  
Why are you stalling?  
(Love)  
Run to it fast  
Don't you know it's gonna last  
It has found you  
Let it surround you

It's all about love... (love)  
It's all about love... (love)  
It's all about love... (love)  
It's all about sweet love... (love)

You're hesitating  
Why are you waiting?  
Let it begin  
Oh, yeah  
Take it within  
Let it move you  
Let it soothe you

Will you share?  
(Love)  
Do you care?  
(Love)

(Love)
