## Bars and Melody

She's straight fuego

A new morning I'm just chillin'  
I'm just tryin' to cope  
Somewhere inside I ain't willing  
'Cause she brings me hope  
To be honest I'm not ready yet  
To go steady yet  
Hard to see when your heart is blind  
But we need some time

The way that I feel  
She's loco for real  
The way that I feel

Mi amor, she's straight fire  
Mi amor, gets me higher  
She's straight fuego  
She's straight fuego (fire)  
She's straight fuego

Another day we'll meet again  
It'll be soon and then  
There'll be riots in the streets again  
I'll be coming home  
To be honest I'm not ready yet  
To go steady yet  
Hard to see when your heart is blind  
But we need some time

The way that I feel  
She's loco for real  
The way that I feel

Mi amor, she's straight fire  
Mi amor, gets me higher  
She's straight fuego  
She's straight fuego (fire)  
She's straight fuego  
She's straight fuego (fire)  
Ella es fuego

Baby girl you're so immorsa  
Mamacita you're the finest that's a corsa  
Need you by my side ah  
Won't put you aside nah  
Oh my god baby girl you're so immorsa  
Mamacita you're the finest that's a corsa  
Need you by my side ah  
Won't put you aside nah

Mi amor, she's straight fire  
Mi amor, gets me higher  
She's straight fuego  
The way that I feel  
She's straight fuego  
She's loco for real

The way that I feel  
She's straight fuego  
She's straight fuego  
She's straight fuego
