

Henny

Bars and Melody

Oh, sip Henny straight with no ice
Baby got a problem I can see it in her eyes yeah
Don't fuck with 42 but she got 45
She blow through twenty, go through twenty on a night yeah
Oh, sip Henny straight with no ice
Baby got a problem I can see it in her eyes yeah
Don't fuck with 42 but she got 45
She blow through twenty, go through twenty on a night yeah

She know that I'm doing the most
She dreamin' of Audemares
Pull up foreign cars, she not from here, she must be from Mars
She see the bag, and I got the bag so, she want to go
See I got the bag, she want a bag so, we got to go

Oh, sip Henny straight with no ice
Baby got a problem I can see it in her eyes yeah
Don't fuck with 42 but she got 45
She blow through twenty, go through twenty on a night yeah

Fuckin' ring ring ring ring ring, my fuckin' phone won't stop ringin'
Looking to the corner, my friends getting lit you got to be fuckin' kiddin'
Looking to the left and my ex is kissing my bestfriend
Everyone around me sinnin'
And the night is just beginnin'

So what's the case
She addicted to her phone when she alone she on my case
She got body, drop it for me, but she ain't got the face
Her ex a mess, how can I compare what a disgrace
I'm off my face...
She looking good today but think she only look good today
That's not okay...

She know that I'm winnin' but I ain't got time for the women
I'm chasin' a mill and I'm dippin'
I'm moving abroad moving the funds over shore
You know that I'm moving for sure yeah
Took her whippin' round Germany in a Benz that shit had fuckin' armour

Oh, sip Henny straight with no ice
Baby got a problem I can see it in her eyes yeah
Don't fuck with 42 but she got 45
She blow through twenty, go through twenty on a night yeah

Twenty five bags in the glove compartment, baby let's go shopping
Me n you turn up Batmobile coming straight out of Gotham
Bat and Cat they came and bought the whole fuckin' department
That girl's so bad if you chat shit she'll fuckin' steal your wallet
That girl's so bad but she would never break a promise
She would never do you wrong; and I would never harm her
It's so big you have to take a fuckin' panorama
Took her whippin' round Germany in a Benz, that shit had fuckin' armour

Oh, sippin' Henny straight with no ice
Baby got a problem I can see it in her eyes yeah
Don't fuck with 42 but she got 45

She blow through twenty, go through twenty on a night yeah
Oh, sip Henny straight with no ice
Baby got a problem I can see it in her eyes yeah
Don't fuck with 42 but she got 45
She blow through twenty, go through twenty on a night yeah
