

Let Me

Bars and Melody

Sweet baby, our love has meaning
Know this time you'll stay 'til the morning
Duvet days and vanilla ice cream
More than just one night together exclusively

Baby, let me be your man
So I can love you
And if you let me be your man
Then I'll take care of you, you

For the rest of my life, for the rest of yours
For the rest of my life, for the rest of yours
For the rest of ours

Feel so bad that I broke down
Guess I don't want to be alone now
Take my jacket this cold down
I guess I don't wanna be alone now, ayy
Falling apart without your kiss
Gotta told that felt is different
Never know love
Never can feel it
That beside the point
I won't be happy
Till I have to join
In my head without a point
I won't be happy
Till I have to join
You have my trust
So you lie on me
I don't know what
We try to be
But you have more heart inside of me

Baby, let me be your man (let me be your man)
So I can love you (I can love you)
And if you let me be your man (let me be your man)
Then I'll take care of you (I can love you)

For the rest of my life, for the rest of yours
For the rest of my life, for the rest of yours
For the rest of ours

I feeling in my heart
And I don't know how to shake
If I hold my hand
I feel baby when your saking
We're going to fast
I don't care I wanna crash
Bad ass only 17 we gonna last
Swish up
Hit a row we ain't coming back
Seen a wall, there's a beauty
And it's ugly that's in a fact
We're feel so young
But I feel so old
Heart so cold but I don't care

Because we won't fold

Baby, let me be your man
So I can love you
And if you let me be your man
Then I'll take care of you, you

For the rest of my life, for the rest of yours
(For the rest of my life, for the rest of yours)
For the rest of my life, for the rest of yours
(For the rest of my life, for the rest of yours)
For the rest of ours (for the rest of ours)
