Put Ü First

Bars and Melody

I just been so numb
I don't wanna fight, you've won
I know it won't get us that far
I could just learn, yeah
You say it ain't easy for you
I know it's all on me
They be kicking me when I'm down
And my heart it starts to bleed
But there ain't nobody else
I can't do this by myself
And my heart it feels so cold
As my feelings start to melt
You take me to a different place
You and I we were a team
Come and make me feel numb again
I don't want to leave

I been so caught up in my own head
Taking it all and giving you less
And now it's make or break for us
I don't want to waste away our love
I was too numb, no nothing makes sense
I was too young to give you my best
And every second makes it worse
Now I think it's time I put you first

It seems crazy what I've been in
Before the days when we were fucked up
Our hearts they were interlocked
Ain't nobody be touchin' us
I know the pain I caused you
And I'm sorry 'bout the past
But you know I want it more
I want it to last
Cause there ain't nobody else
Without you I ain't myself
There ain't nobody I want more
Can't feel the way I felt
You make me feel alive again
When I was feeling gone
You are the only one
That carries me along

I been so caught up in my own head
Taking it all and giving you less
And now it's make or break for us
I don't want to waste away our love
I was too numb, no nothing makes sense
I was too young to give you my best
And every second makes it worse
Now I think it's time I put you first

Woah-oh-oh-oh [x3]
Now I think it's time I put you first
Woah-oh-oh-oh [x3]
Now I think it's time I put you first

I been so caught up in my own head
Taking it all and giving you less
And now it's make or break for us
I don't want to waste away our love
I was too numb, no nothing makes sense
I was too young to give you my best
And every second makes it worse
Now I think it's time I put you first

I been so caught up in my own head
Taking it all and giving you less
And now it's make or break for us
I don't want to waste away our love
I was too numb, no nothing makes sense
I was too young to give you my best
And every second makes it worse
Now I think it's time I put you first

Woah-oh-oh-oh [x3]
Now I think it's time I put you first
Woah-oh-oh-oh [x3]
Now I think it's time I put you first
