

Ariana Grande

Bart Baker

The way you move your booty like that
I send that ass to a max contract
I wanna get with you like that
Already addicted, that ass my crack
I wanna make sure you feel good
I wanna get you on this wood
Yeah wanna get with you like that
Get over here model come back that ass

I see you move down
I see you move round
I see you moving waiting
I'ma give it to you now
I know you get down
I know you flip bounce
But I won't tell nobody
If you give it to me now
The way you get high
Don't wanna get low
Gotta studio come
And whip on the stove
Beep beep coming right
This dick bicycle
Let's go for spin
Let's roll, let's roll

Come here girl I just wanna touch your body
Rock your world, give it to you only all day
Bend you over making trouble so naughty
Have you walking side to side like grande

The way you move your booty like that
I send that ass to a max contract
Still wanna get with you like that
Already addicted, that ass my crack
I wanna make sure you feel good
I wanna get you on this wood
Yeah wanna get with you like that
Yeah we gon real broke in your bed

I see you move down
I see you move round
I see you moving waiting
I'ma give it to you now
I know you get down
I know you flip bounce
But I won't tell nobody
If you give it to me now
The way you get high
Don't wanna get low
Gotta studio come
And whip on the stove
Beep beep coming right
This dick bicycle
Let's go for spin
Let's roll, let's roll

Come here girl I just wanna touch your body
Rock your world, give it to you only all day
Bend you over making trouble so naughty
Have you walking side to side like grande

I be loving your
I be loving your
I be loving your
Good good good

Come here girl I just wanna touch your body
Rock your world, give it to you only all day
Bend you over making trouble so naughty
Have you walking side to side like grande

Have you walking side to side like grande
Have you walking side to side like grande
(I see you move down
I see you move round
I see you moving waiting
I'ma give it to you now)
Have you walking side to side like grande
(I see you move down
I see you move round
I see you moving waiting
I'ma give it to you now)
Have you walking side to side like grande
