

# Can't Remember to Forget You Parody

Bart Baker

Did you all know that I'm still alive?  
I'm making a song so I'm still relevant  
Have to shake my ass to disguise the fact that whenever I sing  
I sound like I'm yodeling  
No one understands me or the words I say it's like I am gargling water  
And did you know  
I just had a baby wanna see it feed?  
Well if you stay  
I'll show you, show you, show you  
Oh oh oo oh oh  
Oh oh oo oh oh  
Please don't remember to forget me  
Oh oh oo oh oh  
Oh oh oo oh oh  
I sound exactly like a def girl now  
And if you look at me then you will clearly see  
That I'm much hotter with my hair straight  
Oh oh oo oh oh  
Oh oh oo oh oh  
Oh no, the secret to my weird voice  
P.S. I'm besties with Rihanna  
A gig is a gig  
Here for the drinks  
I'll do anything  
If I get paid in advance  
I really don't know who Shakira is  
I honestly thought this was a Kesha video

Hold on for a second  
Hold on for a sec  
I need to take a nude for InstaDamn she's a ho  
We like putting big brown things inside our mouths  
I think I feel a Oh no!  
Ew gross!  
Oh oh oo oh oh Oh oh oo oh oh We're both having sex with the air now  
Oh oh oo oh oh Oh oh oo oh oh Does anybody have any Pepto?  
God these walls feel so good  
Nothing beats real hard wood  
Oh shit, I just got a splinter  
Ohhhh - Ohhhhh!  
Oh hell no!  
Get off my ho!  
You can't forget me cause I beat you!  
That's her right there boys!  
That bitch stole my voice  
Prepare to get your Latin ass sued  
I did not steal it!  
Don't sue me Kermit!  
I was just borrowing it you asshole!  
You're gonna do hard time for this horrendous crime  
Nobody f\*cks with the Muppets!!!  
Oh oh oo oh oh  
Oh oh oo oh oh  
Who's gonna take my job at the voice?
