

## Hotline Bling Parody

Bart Baker

I used to have a girlfriend  
Then she saw my dancin'  
Yeah  
My girlfriend left me, I'm so alone  
Now she's out there having fun  
She should be sad at home  
How dare she live and move on?  
I'm so depressed my phone won't ring  
She always used to call me  
Is it because my breath stinks?  
Or all of my stupid memes?  
This is an especially dumb move  
Now it looks like I'm pushing something down  
My sweatshirt's got a drawing of an owl  
I get away with bad fashion somehow  
Hey baby you came back

Get off me dude!  
You're the one who left town  
You left me here  
You could've had me, you chose your career  
So wipe away your fake ass whiny tears!

This music sounds like when you're on hold  
Waiting till someone picks up

You're a thief dude you stole

The beat from D.R.A.M.'s song "CHA CHA"

I'm the black male Taylor Swift  
Writing songs about exes  
Dancing like I'm Carlton  
Who wants to be my Fresh Prince?  
Ever since I quit 'Degrassi' I've tried to  
Make people forget I'm an actor  
Accept me as a legit rapper  
I've tried real hard to act much "blacker"

Guess that's why you got a ghost writer dude!  
You're a fraud that's why I got Minaj  
Said you were first in line  
I took your spot  
By the way your ex is also on my jock  
Ha!

This cannot be happening, hell no!  
I thought you needed my love

Screw you and OVO!

What!?  
That's it now I am charged up!

What the hell is happening!?

He's having a meme fury!

Meek let's get out of here please!

Sorry but you're not leaving!  
Now it's time for more bad dancing
