

# Rockstar Parody

Bart Baker

I look like a homeless, drunk hillbilly  
But, somehow, I am a rap star  
I've got horribly bad gas  
And my BO could kill you, it is so harsh  
Messing with me? Pull you up to my teeth  
Open up, be prepared to barf  
I could destroy your entire block  
By opening up both of my arms

Take a crap, don't wipe my ass  
I'm starting saying there's no way I'll use Scott  
This song stink, just like my toes  
Ask me "take a shower", I'm like "hell naw"  
All the dentists say that I'll lose my chops fo' sho'  
If I don't cop floss  
I live in a dumpster covered in flies  
Found a dead rat in my mop top  
I'm the most unlikely dude to ever make it in rap  
A young, grody, nice, Jewish boy obsessed with Minecraft  
Look like Jesus, but fat  
I make racist, white people feel comfortable with trap rap  
Hundred bitches in my trailer say that I need a bath  
They all brought me some Axe

Clothespin on my nose  
Because Post Malone smelling like a stank fart  
It ain't hard to do what 21 Savage do  
Mumble, and get a tat cross  
Then steal Future's flow, always puff on dro  
And make raps about your garage  
Savage got a 12 car garage  
See, that's all that it takes to be a rap star  
Post, you know you stanking, gotta fix that  
You gotta wash your feet, man, take a damn bath  
My eyes are watering from your ass crack  
You look just like a Walmart bargain bin Riff Raff  
Lemme just hit you, please  
With a spray of Febreeze  
Then let me brush your teeth  
You gon' get gum disease  
Gotta fix those armpits  
All you need is Speed Stick  
Oh, my god, I can't breathe  
21 Savage dying

Halt! Post, since it 'tis the season of giving  
Santa gon' give what the world wants. Ho, ho, ho!  
I'll eliminate your stench  
With my candy cane crotch and bod' spray by S. Clause  
Now time to clean your mouth, gums, tongue, and teeth  
Open wide, here comes the mouthwash  
Last, I must make you look unhomeless  
By cutting your sleazy hair and beard off  
You cut out my voice box!

Whoops!  
Look like Santa had a little too much Eggnog. Oh well

Hey... you girls wanna bang?  
It's not like you have any choice, I'm famous  
Ho, ho, that's what I thought  
Ho, ho, ho! Now let me show you my Christmas tree
