

# Stitches Parody

**Bart Baker**

I am pretty and 17  
I have no clue what heartbreak even means  
But I made this song about it  
After my girl dumped me, that cold hearted witch

What was that?  
It felt like I just got punched

Your Ex-Girlfriend sent me to kick your butt!  
She said make sure he needs to get stitched up

That hurts!

She took this song too literally  
I meant stitches metaphorically  
Wasn't it enough that she left me?  
Now she wants me to bleed  
Who is that hitting me?

Here's a clue  
I say "You can't see me!"  
I wrestle men in big arenas

Um, are your John Cena?

Yep!

What did I do to deserve this?

On her birthday you got her nothing you dick!  
Instead you got yourself this car!

I needed to look more badass

And that's why I'm kicking your ass!

Someone save me from this wrestler dude!

Now you'll learn the power of the Dark Side

Don't tell me my ex also sent you

That's right  
Remember  
On this past Christmas Day  
You got her nothing, now you must pay  
Instead you got that dumb jacket!

Hey I look badass in it

How dare you be so selfish

Ouch! Stop That!  
She was being a bitch!

You see the power of The Force now

Who's poking my ass? Ow!

'Twas me Harry Potter  
Your ex girlfriend is my witch daughter  
I'm gonna  
Take my broom from Quidditch  
And beat your butt with it!

Valentine Day's coming  
Got to turn this pain to loving  
This brutal violence is senseless  
I must save Shawn Mendes
