Work Parody

Bart Baker

This song's title is 'Work'
Which is ironic cos it required no work
It did however require lots of sizzurp
Which would explain why my lyrics are so slurred
It is so damn repetitive it hurts
Over and over I say work work work work
Need to pull down my skirt
And you can see through my shirt
It's crazy they let this on YouTube
Cos you can totally see my boobs
I'm hot so I get away with it
Even though this song is gibberish
These lyrics sound like some made-up language
Sung by someone who's been heavily drankin
In some parts of this song I'm not even singin
This next part is just overly autotuned hummin
Mmmmmmm mmmmmmm mmmmmm
I sound like an orgasming robot
What's wrong with music?
I'm being such a flirt
While Drake sits staring at my ass while I twerk
He's doing nothing I'm doing all the work
Come on and get up do something you jerk!
No I mean I want you to sing something
Please stop doing your lame dance from 'Hotline Bling'

Yeah okay
You need to
Enunciate
No one understands you
These aren't words you must be jokin
How much weed have you been smokin?
It doesn't matter boo
I am only here to get some crotch grinding from you
Every video that's what I make the girl do
While I make a dumb face stand still and try to act cool

No let's have sex it would be fun fun fun
To have you inside me

No nuh uh that is not happenin
All I want is you to grind me
Girl

I asked you to be in this vid cos I'm horny
I thought sex was where all this was goin
Can't you tell this song is about bonin?

I can't tell what it's about
You're just making sounds
With your mouth
I think I should leave now
I'm only into grinding I don't like sex

Work work work work we work
Did someone call us?
We heard someone say work

RiRi did you say
Twerk twerk twerk twerk twerk

Hold on these losers
Aren't legal they can't work

I'm pretty sure that she called for me a merc
I've got to stop this in order to save earth
(He cuts accidentally Trumps hair)

Ahhhhhhhhhhhh

Oh you gotta be shitting me
What a stupid fucking ending
