

## Dear Music,

Bart Crow

Woke up this morning  
To the sound of rain drops fallin' down  
Another where the hell in my town  
That we're playin'

Then I thought  
"How the hell did I get here?"  
Been another sleepless year, my hair is turnin'

But I love, love, love  
You  
Yes, I love, love, love  
You

Take my fears when I'm afraid  
When I'm lost, you find a way  
You turn tears into a smile  
It really drives me wild

So here's to the songs that I play  
And the love that music saves  
While the band plays rock and roll  
To some forgotten song

Don't you cry  
Wipe the sleep out of your eyes  
Come and kiss my face goodbye, the clock is turnin'

Don't be sad  
Think of all the times we've had  
Yeah, the good ones and the bad, I'll always love you

Yes, I love, love, love  
You  
Yes, I love, love, love  
You

You take my fears when I'm afraid  
When I'm lost, you find a way  
You turn tears into a smile  
It really drives me wild

So here's to the songs that I play  
And the love that music saves  
While the band plays rock and roll  
To some forgotten song

And I love, love, love  
You  
Yes, I love, love, love  
You

You take my fears when I'm afraid  
When I'm lost, you find a way  
You turn tears into a smile  
It really drives me wild

So here's to the songs that I play  
And the love that music saves  
While the band plays rock and roll
