

Falling For You

Bart Crow

Saved by the grace of God
Rescued by the lips of you
Falling for your heart was an easy thing to do

Just from the sound of your voice
My breath was stolen and I didn't have a choice
Falling for your heart was an easy thing to do

So tell me, darling, I wanna hear those three words from you
Nothing that I won't do to hear your lips whisper
"I love you"
To hear your lips whisper "I love you"
'Cause falling in love is easy when is falling for you

Come from the broken side of love
My heart and trust I was never giving up
That was easy for me before I met you

Your smile when you are about
Your skin, your touch and your pretty brown eyes
I was done, I was lost on the day I met you

So tell me, darling, I wanna hear those three words from you
Nothing that I won't do to hear your lips whisper
"I love you"
To hear your lips whisper "I love you"
'Cause falling in love is easy when is falling for you

Angels smile when you walk by
You were sent from heaven up above
What did I ever do to have a chance to win your sweet love?

So tell me, darling, I wanna hear those three words from you
Nothing that I won't do to hear your lips whisper
"I love you"
To hear your lips whisper "I love you"
'Cause falling in love is easy when is falling for you

'Cause falling in love is easy when is falling for you
