

Nothing's Wrong

Bart Crow

I know that you're leaving
It feels like you're gone
I tried to stay by your side and I tried to stay be so strong
I tried to stay and be everything that I could for you
Daddy's sunshine rain, all I bring to you
Are cloudy days and you're gone
Oh lord you're gone

You left on the late night train headed out of town in the pour
in' rain
Left me cryin' all alone
Didn't even say goodbye just a note on my pillow that made me c
ry
That said that you're leavin' turned and gone
Oh but you said I did nothin' wrong
Nothin' wrong

Well I know that I was not the right guy meant for you
But I stayed by your side and I tried to be so true
If I did nothin' wrong then I guess the blame's on you
How many hearts will you break before your daddy finds one good
enough for you?
Good enough for you

You left on the late night train headed out of town in the pour
in' rain
Left me cryin' all alone
Didn't even say goodbye just a note on my pillow that made me c
ry
That said that you're leavin' turned and gone
Oh but you said I did nothin' wrong

One day you'll look and see and when it all comes crashing at t
he sea
Close your eyes and baby think of me
When you're driving all alone and the voices sing and you hear
my song
The one where you said I did nothing wrong
Baby now look who is all alone
You're all alone
Cause you said nothing was wrong
