

# Black & Blue

Bas

How did you know  
This is what I always wanted  
Could never have done many thing  
Where you quick taking me? I might tumble  
I'm tryin, will somebody make you just shut up about it?  
Can we settle down, baby?  
No, let's ride

I'm wired nigga on molly and Red Bull  
Party with the fiends you know ain't no party in civil  
2 devils on my shoulders and I'm just caught in the middle  
Got decisions to make, the decision's been made  
I swear these bitches screamin YOLO fore they sniff the yola  
Feelin like a Porsche 4 door, used to feel like Corollas  
My niggas still movin the yola, till they fill the quota  
Popo on em like they just paroled  
And fuck the help, they never showed em  
So we outchea, get it by any means  
I'm on fire, no lion, them boys remind me of anti-freeze  
And my engine keep runnin, I'm supplyin the energy  
Ain't a thing, you great a sin, I'm high on the canope  
Lookin out for my niggas, keep an eye on my enemies  
Bitch, I'm just where I plan to be  
So fuck what you say  
This a new CBA, your favorite rapper's been amnestied  
Don't pretend to be classy, ho  
'Cause I prefer nasty hoes  
Test drivin broads, ho I'm a car show  
Pockets all stinch if I see them narcotics  
Probly gon pinch, nerf a nigga in the stick  
The prison's like the man, it shoulda gave us bar codes  
Heart cold like it's waitin to be transplanted  
Band wagon feelin, guess I'm grant standin  
Got them hoes on all 4's, guess they can't stand it  
Shouts to oak shades, shouts to bandana

And when we hit the pound that bitch black & blue  
I spend a condo in the club, one bottle won't do, no  
And when we hit the pound that bitch black & blue  
I spend a condo in the club, two bottles won't do, no

I check the homies and I breeze  
And chickens hit my phone up, say they only wanna please  
Some niggas actin phony 'cause they only want a piece  
I'll be it, I see through, I never deceive you  
Fiend

And when we hit the pound that bitch black & blue  
And when we hit the pound that bitch black & blue  
And when we hit the pound that bitch black & blue  
And when we hit the pound that bitch black & blue
