

## Decent

Bas

I can't hit it off right  
I know where your thoughts lie  
You had ups and downs  
I know you decent  
You had ups and downs  
I know you decent

I can't hit it off right  
With no one recent  
I know where your thoughts lie  
I know you decent  
You had ups and downs  
I know you decent  
You had ups and downs  
I know you decent

She don't a hundred percent trust me, no

I can't hit it off right  
With no one recent  
I know where your thoughts lie  
I know you decent  
You had ups and downs

Whenever I'm feeling down  
Give me a little loving, then we back around  
Yeah, we back 'em down  
So we back up now  
Calling enemies or friends, yeah, we back 'em down  
I can't even lie right now, bitch, I'm higher now, ghetto fever  
Feeling kinda decent  
Finally I'm healing  
On the Jetski with your nigga, we here, ride  
Really, you should in them skrrt, skrrt, skrrt-skrtr-skrtr-skrtr  
Skeeting  
Feeling like I'm healing  
Feeling like I'm kinda decent

I can't hit it off right  
With no one recent  
I know where your thoughts lie  
I know you decent

You had ups and downs  
I know you decent  
You had ups and downs  
I know you decent

I can't hit it off right
