Bas

Nothin you could do about it, I'ma stay free
Either way you go about it, I'ma stay me
Living out my dreams don't be tryin to wake me up
You ain't go for yours, niggas diving waist deep
Every damn day dog my diamonds HD
That's for everyday that I had to think cheap
Now we on the road and the commas go for eons
You ain't go for yours, niggas diving waist deep but

I'ma take leaps (yea yea yea yea yea)
I'ma take leaps (yea yea)

I'ma take leaps (yea yea yea yea yea)
I'ma take leaps (yea yea)

Shorty tryin to give me mine
But I needed more space (I need room)
I was sittin courtside (shit clear)
I seen her there both days (bitch who u know here)
(You not low)

I never fold or fall for your ways or reasons
I'm so resolves in my ways
I chart a course with thoughts, got no flares or beacons
I hope you saw it my way

Wonder where the day goes?
I been outta line, If love is all you need then
Let me spend my pain
Young nigga make it rain on
Hunnit on the wrist just to make it rain on
Look at all the whips spick n they span
And u feel like u the man
But you cannot rub the stain off
No you cannot rub the stain off

Nothin you could do about it, I'ma stay free
Either way you go about it, I'ma stay me
Living out my dreams don't be tryin to wake me up
You ain't go for yours, niggas diving waist deep
Every damn day dog my diamonds HD
That's for everyday that I had to think cheap
Now we on the road and the commas go for eons
You ain't go for yours, niggas diving waist deep but

I'ma take leaps (yea yea yea yea yea)
I'ma take leaps (yea yea)

I'ma take leaps (yea yea yea yea yea)
I'ma take leaps (yea yea)
