

## Don't Front

Bas

Don't front for a nigga  
Don't front for your nigga, don't  
Don't front for a nigga  
Don't front for your nigga, don't  
Don't front for a nigga  
Don't front for your nigga, don't  
Don't front for a nigga

This a true flame, this ain't butane  
Who changed when you called? Who came?  
Still do, never falter  
You know I rock with you like Gibraltar  
Ain't no pressure, how 'bout me and you make a movie in memories  
Remember, now that's forever  
Gotta love the way we put it together  
Lord knows I love the way He put you together  
You are stellar, and I'm a champion  
Clique full of real niggas, living way up in the hills nigga  
My next door neighbor's a Hilfiger  
Big gate cops can't come thru  
Got chicks down for the one-two  
Got one thing, she the one to  
Lord, how many of my dreams gon' come true?

With you I could be patient  
Limousine, that's a little tad much for you  
Ain't no need, put some weed in that blunt for you  
We go deep girl, we go deeper  
I can tell when it mean that much to you

Don't front for a nigga  
Don't front for your nigga, don't  
Don't front for a nigga  
Don't front for your nigga, don't  
Don't front for a nigga  
Don't front for your nigga, don't

Don't front, when you see me in the city and your friends, they talk about me  
Talking down about me, how they say I ain't committed  
What the fuck they know about me?  
Told you everything there is to know about me, still you doubt me  
I got niggas in the state and the county and the city  
All my niggas that escaped, 100k to Sallie May, let me get the record straight  
We gon' see some better days, facts  
Bassy Bas the Basquiat of rap the [?] of my pain and left on my needs  
Peel on these scars, appealing to bars  
It's something I need to function, not me  
It's nothing I need, nothing like you, so that's what I need  
Looking for you, and you and I need it, got justice side  
You were my angel, viewing my demons  
You are now in all of my sins, I pray you're undo  
All that I been, I pray it come through, I pray it come too  
I pray it come true

Don't front for your nigga, don't

Don't front for your nigga, don't

With you I could be patient  
Limousine, that's a little tad much for you  
Ain't no need, put some weed in that blunt for you  
We go deep girl, we go deeper  
I can tell when it mean that much to you

Don't front for a nigga  
Don't front for your nigga, don't  
Don't front for a nigga  
Don't front for your nigga, don't  
Don't front for a nigga  
Don't front for your nigga, don't
