

# Erewhon

Bas

Outside coasting while I move a mile a minute  
Aldi to Erewhon, that's some mileage on a feeling  
I don't wanna spend no more money on you  
Got a lotta problems, I'll pay for them too

I wanna waste, I wanna waste some time  
Run away, don't wanna wait in line with you  
No, can't like it like you  
Maybe I'm wrong, it's just a place in time  
With or without, don't leave it undecided  
No-no, no-no, can't hide this

Ah

Paid for my problems, still got the receipt  
Certain things I can't explain, you just had to see  
The grocery store was Save-A-Lot across from the Walgreens  
Ricochet the recipe, hope they pick up the pieces  
Tried to turn a broken puzzle into something decent  
Spent another dollar as if I don't even need it  
Hmm, as if that's the only way to make a piece fit  
Seven days later, but I haven't shown weakness, huh

I used to pray on this moment  
I'm movin' forward and winnin'  
I'm growin' numb to the feelin'  
I need a day off for prayer, all the ways I be sinnin'  
Tried to drown out my sorrows found out that they all be swimmin'  
I'm livin' out my dreams like everyday's a fantasy  
I got some folks around the world that's looking up to me  
The girl I wanna wife, she fell in love wit me  
Thought that would all suffice, why it ain't enough for me?  
I picked myself up, mapped it out, I'm movin' mountains  
Somedays I count my blessings, other days the demons outweigh 'em  
Sometimes I wonder what would they all do without me?  
I fuck around, I'm findin' out I gotta move out the way
