Bas

That's it, that's it, now I'm blasted, blasted
That's it, that's it, now I'm blasted
(Can you dig)

That's it, that's it, now I'm blasted
(Mook)
That's it, that's it, now I'm blasted
(I'm so mook)
That's it, that's it, now I'm blasted
(I'm super mook)
That's it, that's it, now I'm blasted
(I'm super mook)

Pass it, pass it, now I'm blasted
Ash it, ash it stupid bastard
My eyes lower than a casket
My piff greener than the Packers
Or the JETS
My chicks meaner then the ratchet
Bet my [?] seedless
My hydro, I call it drastic
That's that shit, have a nigga on a trip
Get a grip, counter grip
Grab a bitch, pound a bitch
Hittin' licks, pounds of piff
I don't ever feel these rapper I can tell they counterfeit
Hop up on the mountain pits

And them hoes they know
The feinds is mooking by the O's
Burn and stick it, light the flame
Super mook, glad you came

Mooking haze everyday, face
Slid up on a base, safe
Sorry copper, I don't take the bait, snake
I just move the weight, cake
While I'm out of state, I go on a date
Then I will penetrate, I don't make mistakes
Feel I'm 'bout to break, I let her decide my fate
She treat me like a shake, wait, wait
Count money burn celebratory blunts
Gotta get it cause you only gonna live it once
Tryna own it, I ain't fuckin' with the rented ones
Jamaica Queens, but I take it where it's really from
The sentence of the kush, ascended from the kush
All you mook hoes, do a bear shit in the woods

They wanna cage you in a wood box
Tell you money make the world stop
I wish the motherfuckers would stop
I wish I coulda went to Woodstock
Whole clique piff flame
Make a 46 nigga feel 16

Make a broke nigga feel like a rich man
Like a rich man, like a rich man

I'm super mook
