

## Roxane's Interlude

Bas

Never knew it could be like this  
No one's ever held me down  
Friends looking at me like, "Who's this?"  
Changing for the better now, I know  
Hold me, take  
Take me in your arms, don't ever let me go

I was seeing strobe lights  
With you in my arms, I see sunrise  
Baby, if you're down for the simple life  
Baby, if you're down for it, so am I

Lend me all the places you know  
Everything you learn about  
All your fears and all that you doubt  
Take me to the places that you go  
When we make  
Take me in your arms, don't ever let me go, oh no  
Hold me till I take it all away

I was seeing strobe lights  
With you in my arms, I see sunrise  
Baby, if you're down for the simple life  
Baby, if you're down for it, so am I

And I wish I had your all  
I wish I was your world

Oh  
For you, yeah  
I, shit, I just know  
For you, yeah  
I can't help it  
Cannot hide the physical reeling me in  
Yeah, I feel your body leading me into it  
I know that less is more, more than meaning  
So I'll just let this run out

I hate to see you go  
I love the feeling , I get a thrill  
When I'm with you, I let your fire take hold of me  
Let it consume me, no dropping and roll  
Light me, let me engulf  
Till I start to peal, revealing the real me  
I like the freedom of losing control

I been booked for the month , on the road for the month  
But when you call me, I don't have no plans, ooh  
We can go where you want to, be alone If you want to  
When you're lonely, I will grab your hand
