

# Show Me Something

Bas

Show me, show me something

I hate that I'm loving you  
I say it like I know it's true  
Cuz girl this ain't nothing new  
Better show me, show me something  
I hate that I'm loving you  
I say it like I know it's true  
Cuz girl this ain't nothing new  
Better show me show me something

I cannot imagine being the nigga I is without the madness  
I been macing please understand who I am (stand)  
This shit been my tactic since playing back in the sand (sand)  
Kicked up out the palace I been preparing the ship (uh)  
I been making moves all crazy  
Behind the scenes now baby  
Why do you need to know everything  
Making me feel like I'm crazy  
I ditched the weed for my lady  
I ditched my keys and my 'cedes  
I went from easy-peasy to ice skating  
I was just skating by on my own  
But I feel like I'm wasting time when I'm alone yeah  
So baby show me something

I hate that I'm loving you  
I say it like I know it's true  
Cuz girl this ain't nothing new  
Better show me, show me something  
I hate that I'm loving you  
I say it like I know it's true  
Cuz girl this ain't nothing new  
Better show me show me something

Misunderstandings like, you doing laundry finding, your sisters panties like  
She stayed here last week right  
Fuck it leave Bas alone  
I build a statue of myself the crib like sly Stallone  
The road get narrow arrows flying Cupid out here zoned missing like he drunk  
I don't know I was hoping we would figure it out in months as time would go  
I mean  
I hope you find your timing  
Only diamonds last forever if only I could find 'em  
Absent minded egotistic what you told me bitch I'm blessed  
Got some issues, couple gold pieces I'm holding to the chest  
Every lie leads me to truth and I could leave with that  
Only I believed in you if only you believed it back

Show me show me something

I hate that I'm loving you  
I say it like I know it's true  
Cuz girl this ain't nothing new  
Better show me, show me something  
I hate that I'm loving you  
I say it like I know it's true

Cuz girl this ain't nothing new  
Better show me show me something

Ooh la ooh, ahh  
La ooh, ahh  
Laa  
Better show me show me
