

## U-Turn

Bas

Don't wanna wait, do you?  
I'm on my way to you  
I wanna make you my, you my  
The way you shake for me  
I'm on the way to you, ay  
I'm runnin' late either way  
I wanna take you away  
The way you shake for me

She made me bust a Uie, she made me bust a Uie  
She had me runnin' back  
She made me bust a Uie, she made me bust a Uie  
She had me runnin' back  
She made me bust a Uie (Bust it), she made me bust a Uie (Bust it)  
She had me runnin' back (Ay)

Oh, shawty had me turnin' all the way around  
We face to face right now  
Oh baby, can we just explore right now?  
Ay  
I want to race  
And even if I try to win, know what we have  
Soon, I'll fix this  
And girl, I hope you never close all those doors that we had open  
Hate when I did, yeah, ay

I've been thinkin' about the things I never said  
I been strugglin' with these thoughts all in my head  
yeah  
For your heart breakin', I do not take the credit  
Because it's far gone, I'm takin' a left and right back to you  
And do I got love for you? Yes, I do  
And yes, I'll always come back to you, yeah (Always come back to you, yeah)  
Girl, take my hand, baby

One time, oh baby, one time  
One time, oh baby, one time (Oh baby, one more time)  
One time, oh baby, one time  
The way you shake for me  
One time, oh baby, one time  
One time, yeah, baby, one time (Oh baby, one more time)  
One time, oh baby, one time  
The way you shake for me

I'm on my way to you  
I wanna make you my, you my  
The way you shake for me  
I'm on the way to you, ay  
I'm runnin' late either way  
I wanna take you away  
The way you shake for me
