We made it  
And I came in mad early  
Nigga we made it  
Fuckin' kick ain't even drop  
We made it  
Alright man that was fun  
We made it  
Nigga I'm faded

I still remember the cul de last year the struggle was heavy  
Cole was like I was just playin' your shit, you know Salaam Rem  
i?

He fucked with your tape he was impressed just as soon as I pla  
yed it

I was so geeked I turned to the viends like nigga we made it  
He told me just got an offer for you it came through it was No  
ID

Then we pulled up to the club in a truck but a nigga had no ID  
He went online on his phone just to Google and show em my faces  
My nigga when they let us in that bitch I was like nigga we mad

Shout out to Deon he tried to put me on I mean it I'm gracious  
But we had a dream build a home for the team so man we couldn't  
take it

But just see you later man call hit me up and say Interscope pa

I asked how much and he was like nigga we made it  
The very next day nigga I hit the bank and I emptied my savings  
Oh what a feeling to put this shit simply it's simply amazing  
Spoke to my pops he said damn I miss Paris I need a vacation  
I sent him two tickets for him and the misses like nigga we mad
