

## Immediacy

Basement

Refresh with me, refresh with me  
I wanna see, I wanna see  
Refresh with me, refresh with me  
I need, I need, I need  
What did you say, what did you say?  
Replay, replay, replay, replay  
What did you say, what did you say?

Immediacy  
We no longer have the time (Immediacy)  
To really care about why (Immediacy)  
We no longer have the time (Immediacy)  
To really care about why

Left follows right, left follows right  
I wanna try, I wanna try  
Left follows right, hey you know right
