

Reason For Breathing

Basement

You gave to me
Perfect lies
At the perfect time
I give to you
All I own
To feel home again

How can I bring you to understand
Heaven knows the sun around me

You are the sun
You are the sun

If love could wash
Sin away
Then please bathe it
For me

How can I bring you to understand
Heaven knows the sun around me

You are the sun
I am your sun
You are the sun

How can I bring you to understand
Heaven knows the sun around me

You are the sun
You are the sun
