

Slip Away

Basement

When we run both our feet are off the ground
If you were to slow it down, we would be falling
Everyone choses how to have their fun
Wait a while before you jump into the night and
Slip away

And if we take a minute
We can get our stories straight
On and on in motion, moving
Just to slip away

Carry on
It's gets darkest before dawn
Wait a while
It won't be long until the morning

And if we take a minute
We can get our stories straight
On and on in motion, moving
Just to slip away

And if we take a minute
We can get our stories straight
On and on in motion, moving
Just to slip away

Slip away
Slip away
Slip away

And if we take a minute
We can get our stories straight
On and on in motion, moving
Just to slip away

And if we take a minute
We can get our stories straight
On and on in motion, moving
Just to slip away
