

Crying Out Loud

Bashy

Nah man, come like they don't know ya get me?
But it's new, for the hood
Neglect, our ignorance
Yo, yo, yo, yo

It will be 2012 soon like it's ridiculous
Each year like the roads are getting more vicious
Another black killed, it's becoming repetitious
It's like a race to see who can get murked the quickest
Blacks killing blacks, the dead have become statistics
Malcolm would turn in his grave, he didn't fight for this shit
Need self protection when we decide to risk it
Boydem want man in pen, now don't that take the biscuit
The wickedest ting is, man do this all for hype
Your chain, garms, haircut, kicks and your whip is
Local gyal want the easy way out the district
A shotter with dough, oh yeah that's a easy ticket
f*ck these bitches, I don't care if their texts end with 50 kisses
They still can't be the misses
Sending out to my brothers doing big bids
And the t'ugs on road washing dough like its dishes
This is, another big hit from Self Taught and Bashy the whizkid
Sending out to my cousins tryna living big
But can't do it cause they're the eldest of six kids
I'm sick kid cause I know it's dems from Africa are getting robbed of his riches
And truthfully, I wouldn't say this usually
But blacks and whites f*cked up our community

Mr. Blair for crying out loud
My hoods crying out loud, when the f*ck you gonna help us man?
Mandem look, for crying out loud
Our mums are crying out loud, stop being foolish fam
Rudegyal look crying out loud , your yutes crying out loud when the f*ck you gonna feed it gyal?
Lord God I'm crying out loud, where all crying out loud

Stop us crying out loud please

My community it doesn't really see dough
So let a nigga eat loads and stunt on these roads
In a tinted '06 and neat clothes, your'e a target for hate
Can't have shit 'round negro's
Who'd be satisfied with Corsa's and Clio's?
Well let a nigga cop a Porsche that would damage ego's
Instead of being haps for him they will try clap him
Try yam him, that's how it goes down in these codes
Can't get our foot on the rung of the property ladder
So girls conceive infants to obtain the free homes
Prince Willy's got a trust fund for over 30 mill
Man here are getting killed for less than 3-0
Wheres Tony or the Queen doe?
When we need though, it's just jewels and a crown and a Queens stone
Their stolen but sell 'em, improve these homes
Nar, this is living in the time with the Tudor robes
