Never See Me Fall

Bashy

Look,

Look cus,

I don't care how hard they f**king try,
Or, how many stunts they wanna pull,
Cus them clowns will never see me fall.

They'll never pull the wool over my pupils,
I know there's no pitch, no studs, but I stay on the ball.

Now I've seen it all,
They wanna see me fall like the berlin wall,
Play the typical black fool and loose my cool.

They want to me to burn like guyfawkes,
They wanna hear dead on arrival,
They wanna destroy my character like my childhood idol michael.
No way!

Look cus mandem know how it is when trying to get paper.
Life is bloody stressful,
But some of my own friends don't wanna see me be successful,
Cus certain heads are bad minds,
So friendships not perpetual,
We're enemies now, they can kiss my ass, I hope they burn in petrol.

Yes I think I'm special,
I feel it in my vessels,
I'll climb to the top and try not to drop just like a game of netball.

I'm like an elephant, never forgetful,
But always respectful.
To those who wanna see me prosper and get to where I wanna get to.

But see me fall I won't let you,
Watch me crash out you won't get too,
And if I fall slightly. I swear down, I bet you.
I'll come back 10x stronger and even more vengeful.

So attempt to see fall, na lowe that blud don't even attempt to.

{I don't know wagwan for certain mandem out there you see it.
Straight up and down it's like mans on a grind out here and all they can do is
Hate and pray to see man drop on the floor and them ting.
And when they in mans face they just fake and ting and you see it.}

Cus when they spot me or they hug me,
I know they wish me bad luck.
They wanna see me holding my face or maybe locked in handcuffs.
An alcoholic, hooked on work maybe I'll be a copper.

I hardly drink, I don't even smoke and that's a matter of fact cus,
I'm in this ting for the long haul,
Like pope john paul and I won't fall until I, hear gods call,

Supporters jump on board,
Haterz you're ignored,
My opposers will get fought,
Because my pen is my sword,
You'll never see me fall!
